3SG Added to Hyland Software's Ohio State Term Schedule

DUBLIN, OH, November 26th, 2007:

3SG Corporation www.3sg.com is pleased to announce that it has been added as an authorized dealer to sell OnBase enterprise content management (ECM) software to State of Ohio agencies under **State Term Schedule Number 533272-3**. OnBase enables all levels of government to better serve its constituents and improve operational efficiencies by automating and managing document intensive processes.

3SG Corporation has long served Ohio's state and local government with its document imaging services, specifically the conversion of critical paper, microfiche, and microfilm documents into digital images accessible by PCs. Franklin County Municipal Court, Cuyahoga County, Ohio Secretary of State, Ohio State Auditor, City of Columbus and Delaware County are among 3SG's state and local government clients. Millions of municipal court records, land deeds, titles, registrations, and case files have been converted to digital images enabling public sector organizations to dramatically improve service to its constituents and free vast amounts of storage space. Additional services offered to government agencies include redaction, the removal of private information from web-based "public" documents. 3SG is an Ohio Certified Minority Business Enterprise, EDGE certified, and offers its document imaging services to Ohio's state and local agencies under **State Term Schedule Number 777364C**.
